Picsay pro apk terbaru 2018

By Satria Baja Hitam 08 Mar, 2018 Free Download PicSay Pro Photo Editor v1.8.0.5 Free Apk for Android Latest 2018 Good Afternoon Friend Jar2apks, come back with me this time admin will share a free and popular android app on Android. The app I'm going to share this time is PicSay Pro Photo Editor. With this picsay pro apk app you can carry out photo edits on Android that produce fun and unique cool photos. PicSay pro app is the most popular and best photo editing app among other Android photo editing apps. The advantages of the picsay pro apk app is that you can insert text into images, combine multiple photos into one, manipulate images or photos, and many more. This app will make it easier for you to do things like fix red eyes or improve the color of your photos to show your professional touch. You can also add many thumbnails or other fun elements to change the authenticity of your photos, making them completely new. PicSay Photo Editor is really a very sweet app to modify photos, it can even fix bad photos. Even boring photos can be turned into funny photos. Good for those of you who are interested in this app then please personally download this PicSay Pro Apk here for free. Features PicSay pro photo editor Insert image should no longer return you to the home screen Set default export format by tapping jpg or png extension Apply effects as cross process Make color splashes of black and white images Remove red eyes Apply effects like Cross Process Vignette Add text Insert clippings from other images Word Faux HDR Balloons Crop and straight Sharpen color numbers are back and added the ability to save up to 14 custom colors Pencil Drawings and many others.
